**REQUEST FOR INVESTMENT OPPORTUNITY VISIT TO KETE KRACHI FOR SMALL
COMMUNITY-BASED WATER PROJECT**

iMass Innovation is a community based advocacy organisation in Ghana. The organisation mission is to advocate for community development project through public private partnership from foreign companies looking for investment opportunities in Ghana.

The Krachi West District is one of the eight districts of the Oti Region and was previously one of the twenty-five (25) districts in the Volta Region of Ghana. Krachi West district capital and administrative centre is Kete Krachi.

The Kete Krachi West District has no portable drinking water but located adjacent to Lake Volta. The people of kete krachi in partnership with iMass Innovation is looking for an investor who can invest in building a small community water treatment plant for household.

A project assessment made by iMass Innovation in partnership with the Kete Krachi Traditional Council and the Krachi West District Assemble show that water reservoir and pipe lines has already been laid to some part of the community households and needs extension.

We are looking forward to receive a financial visit to the district capital for this investment opportunity which will enable the financial to manage the project to pay back the investment required for the project. Thank you and we hope to receive you for this opportunity visit soon.

Best regard
