# International cooperation and regional clusters: innovation in water efficiency

Venue: Committee of the Regions

Rue Belliard 101, 1040 Bruxelles

Date: May 18<sup>th</sup> 2016, 09.00 - 17:30

**WE@EU** has been conceived to coordinate European innovation in the urban-applied water efficiency solutions through trans-national cooperation by a consortium formed by research driven clusters. Next May our final event will take place to support international dialogue and disseminate the projects findings and implications for Europe. The event's targets are:

**Registration free (first come, first served)**
