Institute of Water Policy Virtual Seminar

Multi-Sensory Electronic Skin for Water Monitoring

Prof Ravinder Dahiya

Professor of Electronics and Nanoengineering, University of
Glasgow, United Kingdom

Date & Time:

Wednesday
25 November 2020,
5:00pm - 06:15pm

Register now for IWP's research webinar on Multi-Sensory Electronic Skin for Water Monitoring, by Professor Ravinder Dahiya, University of Glasgow, United Kingdom.

Venue:

Virtual Webinar via
Zoom. Registrants will
receive an email with
a link to join the
webinar on Zoom a
day before the event.

Taking place on the 25th of November, Professor Dahiya will provide insights into the use of real-time sensor data to identify and mitigate poor water quality in water bodies. He will further elaborate on the fact that despite technological advances, there is often a disconnect between data quality, data gathering, and data analysis. In this regard, autonomous sensors and autonomous methods of sensor deployment may be a useful alternative. Join this webinar to learn more!
