A large industrial machine, likely a wastewater treatment component, is shown in a factory setting. The machine is primarily grey metal with a prominent blue corrugated pipe on top. It features three large cylindrical sections with internal mesh screens. A red emergency stop button is visible on the right side. The background shows a factory floor with a worker in a white and red uniform.

A photograph of industrial machinery, likely a water filtration or treatment system. The machine is constructed from grey metal panels and features a series of parallel metal mesh screens. Above the screens, there is a horizontal pipe with several yellow caps. Two large blue corrugated hoses are connected to the top of the machine. The background shows a plain wall and a grey floor.
