

Sustainable Water Treatment Solutions

Industrial Water Treatment

(Pharmaceutical / Textile / Pulp & Paper / Manufacturing)

Specialists in Modular & Custom Built Water and Waste Water Treatment Solutions

Genesis Water Technologies proven process optimization consulting services and industrial process water, water reuse and waste water treatment solutions are designed, engineered, and built to exceed established regulatory requirements and meet sustainability goals. The services and solutions serve clients in the pharmaceutical industry, textile industry, pulp and paper industry and manufacturing industries in the USA and across the world.

We have the expertise and global reach to provide these specialized solutions and services to leading industrial companies to optimize water management & costs, maintain regulatory compliance, and alleviate problems associated with water scarcity.

For applications including:

- Process water
- Waste water treatment
- Central Effluent Treatment Plants (CETP)
- Water reuse

Our Solutions Offer You:

- Process Optimization for Water Management
- Modular Design for Environmental Footprint Reduction
- Lower Operating & Maintenance Costs
- Simple Integration into existing and new facilities
- Regulatory Compliance

Genesis Water Technologies provides maximum flexibility and value for our clients in the US and around the world to assist them in dealing with environmental compliance issues and the challenges associated with water scarcity.

Serving our clients specific needs

Specialized Technologies include:

Water & Wastewater Treatment:

- * Specialized Electrocoagulation
- * Advanced Oxidation
(Organics, PFAS, 1,4 dioxane, COD, BOD)
- * Filtration Systems (Centrifugal/Backwash)

Zeoturb Bio-Organic Powder Flocculant

MBio MBBR Biological Treatment Process

Tertiary Treatment (Membrane Processes):

- * Reverse Osmosis Desalination
- * Ultrafiltration

Specialized Services:

- * Process Optimization Consulting Services

Genesis Water Technologies technical support agreements, system spare parts, and annual consumables agreements for our water/wastewater treatment solutions including:

- * Filtration Medias (Anthracite, Zeolite, Activated Carbon)
- * RO/UF Membranes & Anti-scalant Chemicals
- * Filter Cartridges

Sustainable Water Treatment Solutions
