

Are you more reactive or proactive with water leaks
in your system?

Want to find water leaks faster?

Want to monitor your system more effectively?

Want to reduce system delivery and overall costs?

The Three Step Solution:

Water Loss Reduction Monitoring

(Acoustic, Pressure, and Flow)

Survey and Correlation

(Localization of Leak)

Pinpoint

Who We Are

MetroAqua is a multifaceted firm whose sole purpose is leak detection solutions. We have well over 15 years in the industry and can handle any job large or small. Our primary focus is education. We want our customers to be confident and understand the true nature of water leak detection. We offer solutions first and foremost. We will solve the problem. MetroAqua will customize to your needs. Efficiency is our goal.

What We Offer

Service Contracts – Are you a current or new SebaKMT (formerly Metrotech) customer? Want more comprehensive or additional training on your equipment? MetroAqua offers various Service Contracts to support your leak detection program that includes product support, troubleshooting, and continuing education credits. (US and Canadian Customers Only)

Water Leak Detection Products – Want to take on leak detection on your own? MetroAqua is an authorized product representative for SebaKMT (Formerly Metrotech). We cover a large territory and are more than willing to visit you today for product demos and to customize to your needs. All purchases come with free training. Check out our website for a list of products and schedule a demonstration today. We represent Nevada, Arizona, New Mexico, Texas, and Oklahoma.

Contracting – Is manpower an issue? Don't think you can devote a full-time employee to your goals? Allow MetroAqua to offer a consultation to determine if contracting is right for you. There are a multitude of ways contracting with us can alleviate the headache of leak detection. We are here to help.

No matter your needs, MetroAqua is here to help. Please contact us at 702 960 5441 or email aquaman@metroaqua.net . We look forward to hearing from you. Leak Detection Simplified.
