

Solutek CA

Composting Activator and Enhancing Agent

COMPOST!

It's a must for producing the highest quality fruit, vegetables, and beautiful flowers, to enhance health, to make life sparkle, and to make meals enjoyable and full of natural flavor to titillate the taste buds!

Compost bins for homes and gardens take varying lengths of time to produce a nutrient-rich compost suitable for soils and making everything grow better. It is decomposed organic matter made from waste products, food and garden scraps, and offcuts from plants. It's an ideal soil conditioner with rich nutrients essential for gardens, horticulture, and organic farming.

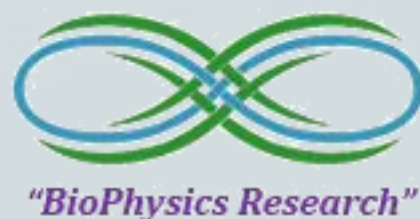

COMPOST PLUS!

Compost is produced by the breakdown of materials through microbial action on waste products and the natural humic materials in soil and other composted items. This natural process can take weeks to many months.

The addition of Solutek CA, when mixed with equal parts water, rapidly accelerates the entire process and leads to the production of a better quality compost.

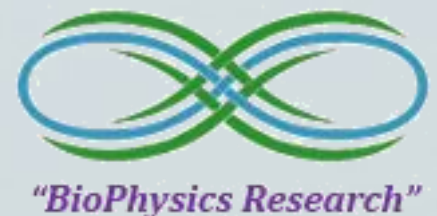

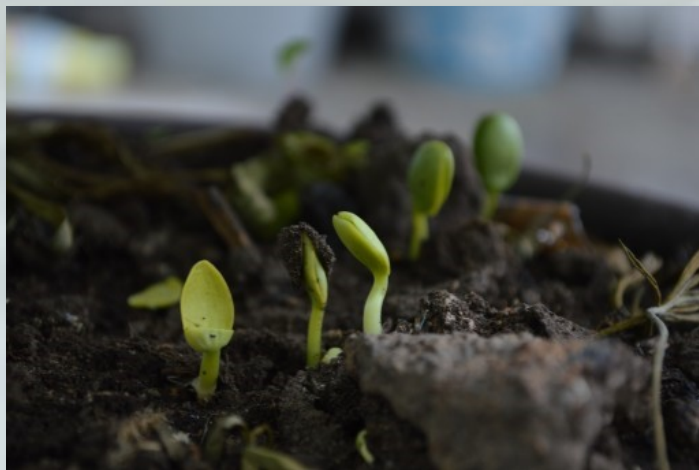

SOLUTEK, THE SOLUTION

Safe, natural, bio-organic products contain no live organisms or hazardous chemicals.

Solutek is well-proven from 20 years of use in Australasia. It is:

- ♦ 100% biodegradable
- ♦ Environmentally and user-safe
- ♦ Non-hazardous
- ♦ Non-flammable and non-corrosive
