Dear ,

29 September 2015

Professional research and market analysis are critical to every sector, water being no exception. [The Water Network](#) is delighted to work with world leaders in this regard, for example Global Water Intelligence.

We are committed to expand our partnerships to include more case studies, research, and market analysis that provide our members all they need to know about trends in the water sector.

I invite you to help us enhance our content strategy to serve you better. Please let me know which content sources you find most valuable.

Looking forward to hearing from you.

Kind regards,

Trudi Schifter
