

PRAIMO Industrial Filters & Spares Manufacturing Company

ENGINEERED FILTRATION TECHNOLOGIES FOR CRITICAL INDUSTRIAL
APPLICATIONS

The Science of Filtration.

Industrial filtration, separation and contamination-control solutions for liquid, air and gas applications.

Address: Shed No. 5, Shreeji Industrial Estate, Opp. Swagat Industrial Estate, Bakrol, Gujarat 382430, India

1. Company Overview

PRAIMO Industrial Filters & Spares Manufacturing Company is an engineering-driven industrial filtration company specializing in high-performance filtration, separation, and contamination control solutions for critical industrial applications.

We design, manufacture, and supply reliable, efficient, and custom-engineered filtration systems that help industries achieve cleaner processes, longer equipment life, improved product quality, and higher operational efficiency.

PRAIMO combines filtration products with application-focused engineering to address contamination, process reliability, equipment protection and operational-efficiency requirements. Our portfolio covers liquid, air and gas filtration as well as hydraulic and lubrication filtration, filter media and specialized filtration components.

Industries Served

- Oil & Gas
- Power Generation
- Pharmaceutical & Life Sciences
- Chemical & Petrochemical
- Food, Beverage & Dairy
- Water & Wastewater Treatment
- Aerospace
- Metals & Mining
- Manufacturing & Industrial Processing
- Hydraulic & Lubrication Systems

Engineering Beyond Products

- Protecting critical equipment
- Extending maintenance intervals
- Improving fluid cleanliness
- Reducing downtime
- Enhancing product quality
- Lowering total operating costs

Whether the application involves process fluids, hydraulic oils, compressed air, water treatment, gas purification or dust collection, PRAIMO works with customers to deliver application-specific solutions designed for long-term reliability and performance.

2. Product Portfolio

Filter Housings & Systems

- Cartridge Filter Housings
- Duplex Filter Housings
- Hygienic Filter Housings
- FRP Filter Housings
- PVC Filter Housings
- Self Cleaning Filter Systems
- Automatic Backflush Filters
- Bag Filter Housings
- High Flow Cartridge Filter Housings
- UPVC Filter Housings
- Stainless Steel Filter Housings
- Catalyst Recovery Systems
- Automatic Backwash Filters
- Disc Type Self Cleaning Filters

Industrial Strainers

- Basket Strainers
- Duplex Strainers
- T-Type Strainers
- Magnetic Strainers
- Stainless Steel Basket Strainers
- Simplex Strainers
- Y-Type Strainers
- Suction Strainers
- Fabricated Strainers
- Automatic Self Cleaning Strainers

Filter Cartridges

- Spun Bonded Cartridges
- PP Pleated Cartridges
- PES Cartridges
- Ceramic Filter Cartridges
- Oil Adsorbing Cartridges
- SS Wire Mesh Elements
- Basket Filter Elements
- String Wound Cartridges
- PTFE Cartridges
- Sintered PP Cartridges
- Resin Bonded Cartridges
- Stainless Steel Filter Cartridges
- Sintered Powder Filter Elements
- Metallic Filter Elements

Filter Bags & Liquid Filtration Media

- Felt Filter Bags
- Oil Adsorbing Bags
- Water Absorbent Bags
- Centrifuge Filter Bags
- Mesh Filter Bags
- Carbon Bags
- FBD Filter Bags
- Liquid Filter Bags

Air & Gas Filtration

- Pleated Dust Collection Cartridges
- Air Intake Filter Systems
- Panel Filters
- HEPA Filters
- Coalescing Filters
- Dust Collection Filter Bags
- Gas Turbine Air Intake Filters
- Pocket Filters
- Industrial Gas Filters
- Gas Separation Solutions

Hydraulic & Lubrication Filtration

- Hydraulic Oil Filters
- Portable Filter Carts
- Transformer Oil Purifiers
- Varnish Removal Systems
- Lube Oil Filtration Systems
- High Viscosity Filtration Systems
- Vacuum Dehydration Systems
-

Filter Media & Components

- Filter Paper Rolls
- Highloft Glass Fiber Media
- Filter Cloth
- Demister Pads
- Sintered Metal Components

- Coolant Filter Paper Rolls
- Highloft Polyester Media
- Filter Press Cloth
- Wedge Wire Elements
-

3. Filtration Applications & Solutions

Process Filtration

Filter housings, filter bags, cartridges and industrial strainers for protecting process fluids and maintaining required cleanliness.

Water & Wastewater

Filtration solutions for water-treatment applications, including cartridge and bag filtration, strainers and self-cleaning systems.

Hydraulic & Lubrication

Hydraulic and lube-oil filtration products and systems designed to support fluid cleanliness and equipment protection.

Air & Dust Collection

Pleated dust-collection cartridges, dust bags, panel filters, pocket filters and HEPA filtration solutions.

Gas Filtration

Industrial gas filters, coalescing filters and gas-separation solutions for critical gas-stream applications.

Oil Purification

Transformer oil purifiers, vacuum dehydration systems, high-viscosity filtration and varnish-removal systems.

Custom Engineering

Application-specific filtration solutions developed around contamination control, process reliability and equipment-protection requirements.

Key Filtration Categories

- Industrial Basket Strainers
- Duplex Filters & Strainers
- Simplex Filters
- Cartridge Filter Housings
- Bag Filter Housings
- Self Cleaning / Automatic Filters
- Stainless Steel Filter Elements
- Sintered & Porous Filters
- Wedge Wire Filters & Internals
- Wire Mesh Filters & Components
- Hydraulic & Oil Filter Elements
- Water & Air Filter Cartridges
- Demister Pads & Filters
- Oil Filtration Systems
- Filter Carts

4. Our Approach & Company Promise

At PRAIMO, we do not simply manufacture filters — we engineer contamination control solutions. Our approach is centered on helping industrial users protect valuable equipment, maintain cleaner processes and improve operational reliability.

Why PRAIMO

- Engineering-driven industrial filtration solutions
- Broad portfolio covering liquid, air and gas filtration
- Standard and custom-engineered filtration options
- Application-focused contamination control
- Solutions for critical industrial applications
- Focus on reliability, equipment protection and operational efficiency
