Hydrocarbon Remediation Solutions The Natural Way!

*Remediation- Aromatic remediation TPH
reduction in water 99.8%,
land 95.6% in 21 days all BTEX removed!*
SAVING OUR PLANET NATURALLY

- **No genetic Modification**
- **Penetrates all hydrocarbon structures through balanced biotechnology**
- **Converts all hydrocarbons into the lowest form of organic compounds where they become food for the natural environment on Sea Water – Fresh Water and Land**
- **Hydrocarbons change into Humus, CO2 and O2**
- **Eliminates hydrocarbon Odor and Toxicity**
- **Complete and effective bioremediation when required where it happens**
- **58.6% reduction in Hydrocarbons in first week, 95.6% in three weeks (Ogale, Eleme, UNEP/HYPREP Demonstration)**
