DO NOT pour grease
down the sinks.

DO NOT pour boiling water
down the drains.

DO scrape food solids into the
bin before rinsing and washing.

DO wipe up grease spills
with paper towels and
place them in the bin.

DO fit screens in sinks to
prevent food solids entering
the drains.

DO ensure that floor drains are
fitted with screens.

DO ensure that harsh cleaning
chemicals are used sparingly.
NEVER pour these chemicals
directly into drains.
